New Warehouse Construction Project in Thailand Started

Our subsidiary in Thailand, Rojana Distribution Center Co., Ltd., started to construct its new warehouse in Ayutthaya.

1. Purpose of Construction

We, Sumitomo Warehouse Group, provide various logistics services based in Ayutthaya, Bangkok, Laem Chabang and Suvarnabhumi International Airport in Thailand.

In Ayutthaya area we already own and operate three warehouses, but logistics demand is expected to be expanding because the area is located near the city of Bangkok, which makes it suitable place for distribution center, and the number of possible customers is increasing. Considering such circumstances, we determined to construct the fourth warehouse in this area. With this new warehouse, our total floor area in Ayutthaya will reach about 16,000 square meters.

We will take such expanding logistics demand in the new warehouse and will expand our business in Thailand still more.

2. Outline of New Warehouse (4th period)

- (1) Location : Amphur Uthai, Ayutthaya, Thailand (in Rojana Industrial Park (Ayutthaya))
