Reference: Akihito Nagata,  
General Manager, Overseas Business Dept.  
(Phone: 03-6430-2655)

Our Subsidiary in Thailand Attained Certifications of ISO22301

Our subsidiary in Thailand, Rojana Distribution Center Co., Ltd. ("RDC"), attained ISO22301 certification for Business Continuity Management System.

RDC, who has its head office in Rojana Industrial Park in Ayutthaya, Thailand and is engaged in such logistics businesses as freight forwarding, land transportation and warehousing, suffered seriously from the flood in 2011 in Thailand and since then has prepared Business Continuity Plans (BCP) against a flood and established Business Continuity Management System (BCMS) for the continuous improvement thereof.

In the course of attaining this certification, RDC got ready to protect its customers' cargoes and sustain their supply chains even if there should occur a flood again and at the same time established the system to prepare timely new BCPs in case RDC encounters a new disaster risk in the future.

Sumitomo Warehouse Group will, continuously hereafter as well, strive to reinforce its operational toughness for our customers' reassurance.
