STP Certification Awarded to Our Subsidiary in Singapore

The Secure Trade Partnership (STP) certification is awarded to Union Services (S) Pte Ltd, our subsidiary in Singapore on 8 June 2010. The STP is an authorised economic operator (AEO) programme administered by Singapore Customs.

The STP programme is voluntary and is opened to all supply chain stakeholders including importers, exporters and logistics operators with the purpose of reinforcing security in trading operations. The STP certification is awarded to the companies who satisfy the guidelines set by Singapore Customs in (i) Security Management System, (ii) Risk Assessment, (iii) Security Measures (including security on premises and IT, incident management and crisis management etc).

Union Services (S) Pte Ltd is a logistics service provider mainly engaged in in-plant warehousing operation, transportation and forwarding works for petrochemical companies in Singapore, and obtained ISO28000:2007 (Security Management System Standards) certification in June 2009. The company will strive to provide more secure and high-quality services based on the management systems established under these certifications.
